

# Art On Ice: Community Ice Painting Day

## Madoc & District Recreation Centre Arena

Hosted by the Municipality of Centre Hastings

---

## Event Overview

Welcome to the Art On Ice Community Ice Painting Day. This free, all-ages event invites participants to transform the arena ice into a large, collaborative work of art. All materials are provided, and complimentary hot chocolate will be available courtesy of the Madoc Lions Club.

---

## Participation and Process

All participants are required to sign in upon arrival before entering the ice surface. Each person will receive two cups of paint to begin their design.

Participants are encouraged to start in their assigned sections. The painting process will begin by filling Sections 1 and 2 in the centre of the rink. Once those areas are complete, participants may move outward to Sections 3 and 4 along the perimeter.

A rink map will be available to help guide participants, including the layout of painting sections and the locations of paint refill stations. For safety and organization, paint refills will be handled by event volunteers only.

---

## Guidelines

To ensure a safe and enjoyable experience for everyone, participants are asked to follow all event guidelines. The centre circle of the rink is not to be painted; however, all other designated areas are open for creativity.

If assistance is needed at any time, participants are encouraged to speak with a volunteer or staff member.

---

## Supervision Requirements

Parents and guardians must remain on site for the duration of the event and are responsible for supervising children in their care. All participants under the age of 18 are required to wear a helmet while on the ice.

---

## Safety

For safety reasons, skating is not permitted during the event. Participants must wear shoes or boots with good traction and take care while walking on the ice surface.

All attendees are expected to follow instructions provided by staff and volunteers and to respect any restricted areas within the arena.

---

## Event Highlights

This event is designed to be inclusive and accessible, requiring no prior painting experience. All paints used are non-toxic and safe for participants of all ages. It is an opportunity to contribute to a unique community art project while enjoying a welcoming and creative environment.
